

MULTISPECTRAL IMAGERY PRICE LIST - GBP

New Programmed Imagery

Your area is calculated from a polygon fitted around **your area of interest**

The **minimum** that can be ordered is 160 x 160 km

A standard campaign price is for **3 coverages of your area** to acquire imagery with **<20% cloud**

If we do not achieve the cloud cover level, you can **purchase at a discount**.

22% is the non-refundable programming fee deposit. 78% is the data license fee, payable on delivery

	32m and 22m Data Mixture for Rapid Revisit and Coverage	22m Data for Better Spatial Resolution
Total Campaign Fee	£0.085 per km ²	£0.098 per km ²
Orthorectification	£389 per image tile	

Custom Requirements can be met as required, for example more revisits or additional services

Archive Imagery

Pricing is based on the total **image area delivered**

	32m Data per km ²	22m Data per km ²
Imagery < 3 months old	£0.033	£0.038
Imagery < 1 year old	£0.021	£0.024
Imagery > 1 year old	£0.008	£0.009
Orthorectification	£389 per image tile	

Multiple Imagery Users and Discounts—Archive and Programmed Imagery

For multiple imagery users—the **License Fee** payable is increased. One user is a single organisation or government department. Other licensing requirements can be met on request.

2-3 Users	30% uplift
4-10 Users	40% uplift
11-50 Users	60% uplift

Programmed imagery or archive orders greater than 2 million km² - **10% License Fee discount**

Programmed imagery or archive orders greater than 4 million km² - **15% License Fee discount**
